

We are looking for a Intern/Working Student (f/m/d) Venture Development

We are an international financial technology startup in the area of digital asset & wealth management. Within two years Fincite grew to become one of the biggest digital asset management B2B-Provider in Germany. From disruptive technology financial products like Robo Advisor, Marketplaces to Customer-Lifecycle-Management, we strive to become one of the leading European B2B-Fintechs.

Your Responsibilities

- You will be the right hand of our Product and Venture Managers
- You significantly contribute to the success of our business development by supporting both units in projects focused on our core business activities
- Your work on processes that take business ideas and turn them into concepts by gathering requirements which translate into full specification
- You gain an insight into our comprehensive business operations while working alongside the teams' managers from the first client contact to the documentation to the technical realization and implementation

Your Profile

- You are about to finish your Bachelor`s or doing your Master`s in business, engineering or similar
- You have already gained experiences in product or project management, ideally in the IT sector
- You have a high interest in technical concepts and procedures
- You are passionate about transforming visionary ideas into solutions which lead to our clients' and therefore our own success
- You are a highly self-organized worker with a quick perception and solid English skills

What we offer

While working in a young and ambitious team you will experience an open-minded and dynamic work environment in a modern office near the city center of Frankfurt. You will take responsibility very early in an environment with a flat hierarchy. For us every single team member and her or his voice counts. Our ambition is to grow the people in our team to leaders in their field.

Interested? Just send us your application to join@fincite.de
